

LEEDS AC60 Combo

60W 2-Channel Mobile Guitar & Vocal Amplifier

Hiwatt's first dedicated acoustic amp, the Leeds AC 60 packs two channels and 60 watts of trademark Hiwatt headroom into a compact portable format. With an analog preamp paired with chorus and reverb to add extra dimension to your acoustic playing, the balanced XLR input allows you to blend in crisp vocals or to mic up your acoustic guitar with ease. The AC60 will perform at any volume without colouring your tone.
